

# GRAS AG0002

CCP Input Adapter

An adapter for using a CCP preamplifier/microphone set with a GRAS 12AA, 12AG or 12AK Power Module. One end plugs straight into the Power Module's input LEMO connector and the other end has a BNC socket for making a connection with a CCP preamplifier/microphone set.

## Introduction

The GRAS AG0002 is an adapter for using a CCP preamplifier/microphone set with a GRAS12AA, 12AG or 12AK Power Module i.e. a Power Module with only LEMO connectors for the microphones. One end plugs straight into the Power Module's input LEMO connector and the other end has a BNC socket for making a connection with a CCP preamplifier/microphone set.

On the Power Module, the preamplifier voltage must be set to 28 VDC.

## Quality & Warranty

GRAS accessories are made of stainless steel, alloys and high-quality composites. These items are covered by a 2 year warranty respecting their intended use.

On consumables like batteries, cables and windscreen we offer a 6 month warranty.

## ABOUT GRAS SOUND & VIBRATION

GRAS is a worldwide leader in the sound and vibration industry. We develop and manufacture state-of-the-art measurement microphones to industries where acoustic measuring accuracy and repeatability is of utmost importance in R&D, QA and production. This includes applications and solutions for customers within the fields of aerospace, automotive, audiology, and consumer electronics. GRAS microphones are designed to live up to the high quality, durability and accuracy that our customers have come to expect and trust.
